

Dear colleagues,

It's our great pleasure to announce a call for a 3-day international workshop about plant science, "**Plant Development and Evolution: from Molecules to Ecosystems**" that may be of interest to you. The workshop will be held in Zurich on 20-22 February 2018 and co-organized by Zurich and Kyoto University. Participants are also from Bristol and Heidelberg University. This workshop is focused on stimulating the young researchers (MSc, PhD students and postdocs) exchange encompassing plant science including Photoresponse, Photosynthesis, Systematic classification, Chronobiology, Plant defense, Plant development, Ecology and Evolution.

There will be oral sessions as well as poster sessions. The speakers will be chosen from the applicants. The speakers are also invited to present their posters in addition to their talks to help facilitate discussion.

If you would like to present your research, please send your information (name, affiliation, research title) to Misako Yamazaki (misako.yamazaki@ieu.uzh.ch) by 27 November 2017. Registration is free of charge.
