

## 2024 年度 SP+ Fund 報告書 (General)

### Project Report: SP+ Fund 2024 (General Program)

プロジェクトの基本情報／Key Project Information	
課題名 (英語) Project name (in English)	CiRA-IREM Joint Symposium: "Driving Next-generation Cell and Gene Therapy"
期間／Period	From 2024/10/28 Until 2024/10/29
主な研究分野 Main research fields	Regenerative medicine
活動内容 (該当するものに全て ✓してください。) Activities to be funded (check ✓ all applicable items)	<input checked="" type="checkbox"/> 研究ワークショップ、会議、ラウンドテーブル、シンポジウム等の 実施／Research workshops, conferences, roundtables, symposiums, etc. <input checked="" type="checkbox"/> 共同研究や研究打合せにかかる渡航・招へい Travel/invitations for collaborative research or research meetings <input type="checkbox"/> その他 (具体的に)／Other (please specify) ( )
区分／Type of collaboration	<input checked="" type="checkbox"/> Bilateral ※本学と SP 校との 2 機関で実施するプロジェクト (Project conducted by Kyoto University and one SP institution) <input type="checkbox"/> Multilateral ※本学と SP 校に加え、さらに 1 機関以上 (Project conducted by Kyoto University, an SP institution, and one or more additional institutions)
実施場所／Location of implementation	<input checked="" type="checkbox"/> 京都大学／Kyoto University <input type="checkbox"/> その他／Other location ( )

申請者 (京都大学)／Applicant (Kyoto University)	
姓／Family name	Saito
名／Given name	Hirohide
職名／Position	Professor
所属部局 Faculty/dept. of affiliation	Center for iPS Cell Research and Application

SP 校のプロジェクト代表者／Representative from SP institution	
姓／Family name	Generali
名／Given name	Melanie
職名／Position	Group Leader
所属大学／ Institution	<input type="checkbox"/> ボルドー大学／University of Bordeaux <input type="checkbox"/> ウィーン大学／University of Vienna

**SP 校のプロジェクト代表者／Representative from SP institution**

所属部局	Institute for Regenerative Medicine
Faculty/dept. of affiliation	

その他のプロジェクト代表者（Multi の場合）／Representative from other collaborating institution (in the case of multilateral projects) ※

姓/Family name名 / Given name職名／Position

所属大学／  
Institution

☐ ボルドー大学／University of Bordeaux  
☐ ウィーン大学／University of Vienna  
☐ チューリヒ大学／University of Zurich  
☐ ハンブルク大学／University of Hamburg  
☐ 国立台湾大学／National Taiwan University  
☐ その他／Other

(機関名／name of institution:

所属部局Faculty/dept. of affiliation

If the project involves four or more institutions, please insert additional fields as required.

#### プロジェクトの実施内容／Summary of the project

公開されている関連リンクや、フライヤー、プログラム、報告書、広報記事等の提出をもってして代えることも可能です。 This could be substituted by submitting publicly available relevant links, flyers, programs, reports, publicity articles, etc.

An online article describing the event is available on the CiRA Website (<https://www.cira.kyoto-u.ac.jp/e/pressrelease/seminar/241125-100000.html>) and is already linked to on the Kyoto University Strategic Partnerships website ([https://www.oc.kyoto-u.ac.jp/agreement/sp-news/20241213\\_2738/](https://www.oc.kyoto-u.ac.jp/agreement/sp-news/20241213_2738/)).

#### 今後の展望／Prospects for future research collaboration

Research in additional laboratories from both sides was introduced during the symposium, thus leading to plans for several new collaborative projects currently being discussed. In addition, ECRs had a chance to interact and network through the poster and networking sessions.

By continuing the interactions between IREM and CiRA through this symposium, we are organizing a joint event in June at EXPO 2025 Osaka. During the planned science café, PIs and ECRs from IREM and CiRA will discuss their research to the general public.

In addition, plans for a grant submission to the JSPS Core-to-Core Program (研究拠点形成事業) are underway, with UZH/IREM being as a partner institution.

Hence, multiple projects are ongoing to maintain and build the collaborative relationship between IREM and CiRA after the symposium.
